

Rain hat Comfort cp.

RAIN HAT

For warm, rainy days

The rain hat fits all sizes and models of tents except Olivin. It allows full ventilation on warm, rainy summer days while keeping rain out. It is placed over the tent top and attached to the storm cord fastenings. Unassembled, the rain hat has a small pack size and it weighs only 0.6 kg.

Rain hat

Rain hat

Fitted easily over the top of the tent and retains its taut shape with the help of a collapsible metal ring. The rain hat is only available in the material cotton/polyester, cp.
